What's Next?

FIRST → THINK ABOUT HOW YOU WOULD DESIGN YOUR HOUSE FROM GROUND UP

The information you share will help you discover the role each room plays in your life. Consider how you are using the current spaces and how they meet, or fall short of, your needs.

Everyday should feel like a stay-cation. Whether you're dreaming of a full remodel or just a face-lift, there's a cozy indoor oasis waiting to fit your home, lifestyle and investment range. It is also important to add beauty, style and functionality to this space. Imagine a home where its aesthetics are calming and inviting as well as functional and practical. We can help you design your entire house to have these qualities, and so much more. Here is a guide to help you start to create your dream "at-home stay-cation". Answer a few simple questions, then we can help you make it a reality. Let's get started.

How quickly do you want to finish this project? What is your timeline?

Is your main goal to increase resale value or to update for your personal needs?

Full remodel or face lift?
